INTRODUCTION

Western Europe's Current Truck Scene

Sound recovery	15
Across Europe truck markets are on the rebound - strong 4th quarter fuels surge of rare optimism.	15
Germany acts as Europe's truck recovery locomotive	15
Fast gathering German rebound underlined by near two-thirds 4th quarter truck sales jump	16
Strong sudden rebound fuelled mainly by heavies	17
Heavy artics lead market out of the mire - main recovery motor	18
Artics up, rigids down	18
Mercedes benefits great deal from strong rebound from domestic German market	19
Iveco held back by slower than average domestic truck sales recovery	19
Volvo, thanks to superior German efforts, ranks among last year's gainers	20

First 9-Months 2011

Truck recovery is slowing, but has not ground to a halt	21
Ongoing truck sales recovery, but no return to pre-crisis 2007 levels before 2016	22
Artics key driver of recovery growth - up almost twice the average market rate to date	22
54% - Rise in articulated truck sales during the 9-months to September this year	22
80% - The market share of all heavies in nine months West European sales of over 6t GVW trucks	22
All but two of West Europe's truck markets see notably higher nine months sales	23
Sales up in 15 out of 17 markets.	23
Germany - First signs of heat loss spotted in October truck market	24
-3% - Fall in Germany's October truck market, not a good sign	24
